Maps 4 Africa

Issue 1

May 2009

Welcome to our first newsletter.

By far the most exciting publication to hit our shelves this month is **Tourism Blueprint**, the consolidated guide for all nine provinces of South Africa in one volume, with a free map

Our Products:

Wall Maps

World Globes

Street Guides

Travel Guides

World Maps

And much much more

This publication, going into its fourth edition,* has become the reference book to colleges, universities and schools, lecturing on southern African tourism. As the only comprehensive tourism guide on South Africa that follows the official regional demarcations it has also become a firm favorite with travel agents, tour guides, and libraries who use it as a reference book to the many attractions of this sub-continent.

With this credibility, its user friendly design, over 500 color photographs, maps and coverage of more than 600 towns, this guide of over 350 full color pages is a valuable companion to all tourists and travelers of South Africa.

We can assist you in taking you to your destination with a wide variety of Maps, Street Guides, Wall Maps & Much Much More!
